

March 14, 2019

Dear Parents,

We would like to make you aware of a dangerous game called "The Momo Challenge" that has been circulating in the mainstream as well as social media. The game is directed toward children and young adults. The challenge involves performing various tasks and providing photos as proof. Some of the tasks are violent and may involve self-harm and even suicide. There have already been deaths associated with this challenge.

Please talk with your children about the dangers and ask them to let you know if they see or hear about anyone they know taking part in this challenge. Please see the links below for an online safety guide as well as reference links.
